Re: Underwriting Department Structure

We are pleased to announce Lindsey Kuhnle will be the National Underwriting Manager to head up the underwriting department.

Effective May 1, 2019, Lindsey will have three team leads, Kelly Sherwood will manage the East Coast and the underwriters dedicated to the East Coast, Loree Haugom will manage the West Coast and their dedicated underwriters, Cindy Doyle will head up the special project department which manages Condo approvals, renovation loans, escrow holdbacks and many other tasks.

We will continue to pursue and hire additional underwriters to shore up this great group and are confident this team will be there for you to meet your goals.

As always if you have any suggestions or concerns we are all here for you.
